MINI SERIES**

This definitive adaptation from Collodi's original masterpiece breathes new life into one of the best-loved fairy-tales of all time. Set amongst the beautiful vistas of 19th Century Tuscany, this big-budget live action mini series brings you a gripping family fantasy adventure with unforgettable drama.

PINOCCHIO is the tale of a young boy brought into the world by magic and utterly unprepared for what his new life has to throw at him. On this voyage of self-discovery he invites danger at every turn, much to the heartbreak of his loving father, Geppetto (BOB HOSKINS, Sparkle, Mrs Henderson Presents). Pinocchio's misadventures find him hunted by assassins, whisked away to the temptations of the Land of Toys, transformed into a donkey, placed centre stage at a travelling circus and swallowed by a giant shark. Plagued by shame, regret and the ever-present possibility of further corruption, Pinocchio's only chance of redemption and happiness is to find his way back to Geppetto - but has he left it too late?

PINOCCHIO is the timeless and enchanting story of a boy who learns how to be a son and a man who learns how to be a father.
